Welcome to our February Newsletter,

Year 11 finish off their final Pre Public exams on Friday and this marks the end of mid year assessments for all years. We look forward to sharing Year 9 reports with them at their Subject Evening on Thursday (6th March). The event doubles up as Guided Options evening and marks a major evening in the HPA calendar as they make steps to streamline their curriculum. Year 10 are further along that journey and are gearing up for their Work Experience week commencing on the 10th March.

Since I started working at Han Price in January 2012 I can honestly say that the standard of teaching that your child is receiving this year is at its highest ever level. We have been delighted with the amount of teaching applicants to recent advertised roles and look forward to welcoming Mr Williams back into the English team along with Ms Henderson and Ms Sreekal into the Science team from September. We are always open to applications from members of the local community to become part of our examination team either reading to students or invigilating exams. Please take a look on our Facebook page or the Cabot Learning Federation website to find out more or to apply. Its a great way for you or someone in your network to make a supplementary income and make a difference to young peoples lives so please do share as you see fit.

I'm delighted that we now have languages trips heading to Barcelona and Paris in Autumn 2025. This is partly in response to feedback from our parent forum earlier in the year and will provide our French and Spanish Key Stage 4 students with lifelong memories.

I'd like to give a special mention to the students in this newsletter who have been recognised for their brilliant achievements in reading and maths. Our March newsletter will see us celebrate KS4 students efforts in their English and Science Tassomai so please encourage your child to complete their daily quizzing.

Year 11 Celebration Evening

On Tuesday 28th January we welcomed back our 2024 Year 11 Leavers to come and collect their GCSE certificates and to also celebrate their success and hear what they are all up to now.

The event saw 135 students return to HPA and it was lovely to hear where their future careers are heading through their current Post-16 courses, as well as what part time employment they are currently within. It was also great to see who is beginning to embark on their driving tests.

We look forward to receiving more news on our HPA leavers continue to get up to in the future.

Intermediate Maths Challenge

At the end of January, the Maths Department entered over 120 top mathematicians from Year 9 and 10 into the Intermediate Maths Challenge and achieved impressive results.

The challenge is run by the United Kingdom Mathematics Trust and consists of answering 25 multiple choice questions in an hour. The questions test students' logical thinking, ability to problem solve and extends their understanding of mathematical ideas covered in their maths lessons.

Students worked hard to prepare for it and enjoyed competing. Between them, they managed to achieve 3 Gold, 8 Silver and 23 Bronze certificates. Everyone else received a participation certificate. Considering that the challenge is aimed at students in Year 11 and below, this is extremely pleasing and they should all be proud of what they have achieved.

The results are:

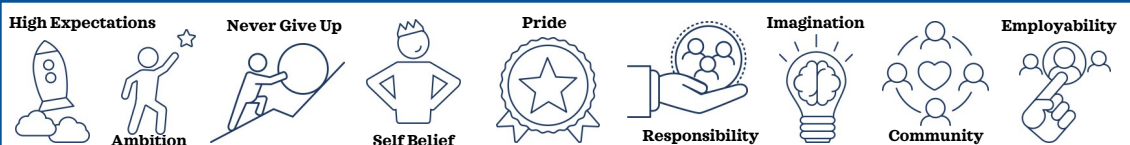

Bronze – Aimee B, Lola B, Cieran C, Rocco G, Emily H, Bana H, Jacob A, Franek K, Anita M, Charlie M, Weronika O, Tristan T, Cole W, Maisie W, Freddie B, Maggie B, Sid B, Zachary K, Alexis L, Theo L, Dylan L-J, Chloe U-L, Catrin W.

Silver – Amber F, Indie P, Kirk G, Brendan D, Elijah M, Emma G, Jayden G, Buster P.

Gold – Elliot C, James F, Emily P.

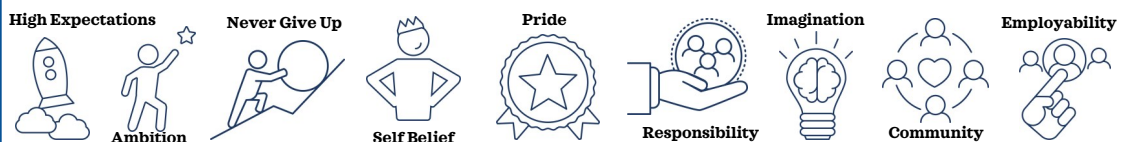

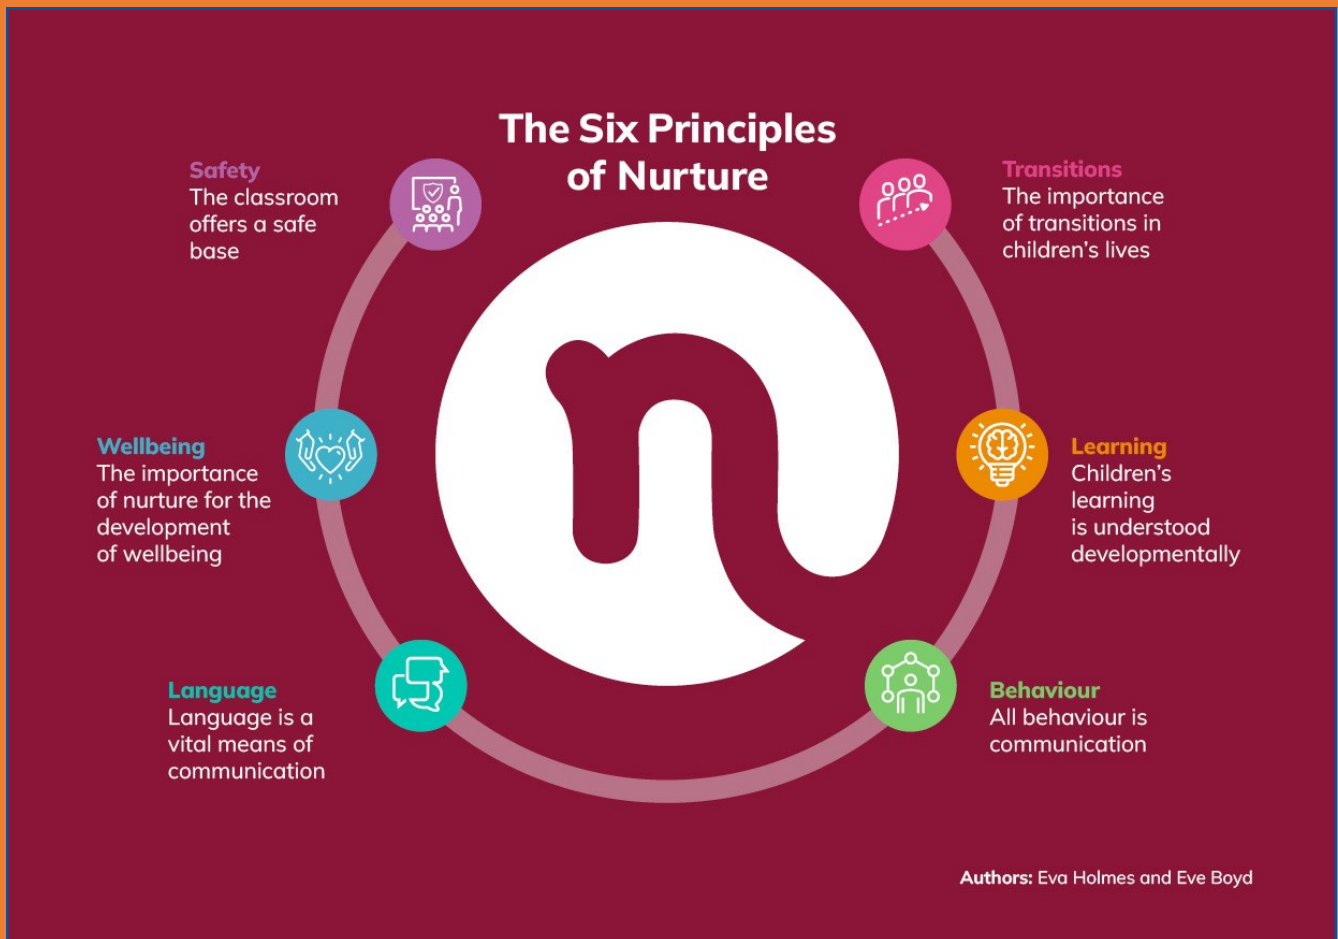

Elliot from Year 9 also won the award for 'Best in School' and James won the award for 'Best in Year 10'. In addition to this, Elliot qualified for the Grey Kangaroo follow-on round. This is a huge achievement as only a few thousand students qualify. Huge congratulations to Elliot.

Nurture

HPA are on a journey to becoming a Nurturing school. Running through the Nurture approach are 6 principles which fit perfectly together with our values and culture. The nurturing approach considers how a student's environment affects their emotional wellbeing, social skills, and how ready they are to engage at school with their learning. By introducing Nurture into our academy's culture through the National Nurturing Schools Programme we can support our students to develop their self-esteem, confidence, social skills and resilience and it is these skills that can support them throughout life.

Young Writers Poem

Izzy C has written an incredible poem for the Young Writers 'Disguised As Society' competition and has successfully had her work published.

What an amazing achievement! Congratulations and well done on such a fabulous submission.

Ms Moser

Disguised As Society

Disguised as society
Within all the trends
Is a woman, kind and caring
For her sight is unique
Different and fun
For her hair is colourful, lively
Yet her eyes are grey
Drained
As the colour has faded
From society
You and I
The grey that fills her eyes
Building the tension to fit it
Then to look back and think
"How boring"
For we are women in society
Yet we are never enough.

SPARX Maths

Every time a student completes their Sparx I.S, they earn Sparx Experience Points (XP). Students earn more XP if they complete XP Boost or Target homework tasks in addition to their compulsory independent study (homework). They can also earn more if they don't switch their questions to another one. (They are allowed up to 3 switches).

This year, Sparx have changed how often students level up. Students now reach a new Level for every 1,000 XP they earn.

The following students have reached the Milestone amounts of 5,10,15,20,25, etc (The number in brackets shows their level).

Fire Station Visit

On the 30th January, the South Bristol Youth students visited the Avonmouth Fire Rescue team.

Students were able to take a tour of the station and meet the firefighters. We had a presentation on the careers and opportunities in the fire rescue service in the morning, and then we took part in some fun tasks and team building activities in the afternoon. Whilst we were there the firefighters had a real call to attend to, so we had a full experience of the alarm sounding and them getting ready to leave the station in the engine.

The students had a great day and enjoyed all the activities.

Library News

This year has seen the most reading logged in Accelerated Reader than any previous year at this point. That is in addition to reading happening day-to-day in lessons that can't be measured through Accelerated Reader.

Accelerated Reader is the system we use to encourage, track and reward reading in Years 7 and 8. This tracks the books they read, indicates understanding and calculates their word count. These scores feed into the College Cup! A massive well done to the students below who are currently leading the way and building in time for independent reading.

Student Council

The Student Council met at the end of last term to discuss the things that matter to students at Hans Price and offer suggestions and feedback .

The council welcomed Becky Neale, Student Engagement Manager at Aspens Catering Services, and talked at length about the food offered at break and lunch times. They discussed menu creation, pricing and demand. The members of the council also talked about marking of SPAG (spelling and grammar) in their lessons and gave their opinions on proposed structures for SPAG marking across the Academy. Students also brought their own ideas to raise and we had thoughtful suggestions and reflections on hand dryers, school trips, rewards and how to best judge staff costumes on World Book Day!

Careers Keynotes

At Hans Price Academy we are deeply committed to offering a comprehensive and dynamic careers provision for all students throughout their Year 7-11 journey, allowing students to make informed and aspirational goals for their futures.

As part of our careers provision we would like to invite parents, carers and members of our wider community to speak with our students about their own experiences and journeys within their careers. These "Careers Keynotes" would be delivered in the library to small numbers of students to allow them the opportunity to hear and ask about the world of work from the people who experience it around them.

We are hoping to offer many keynotes on a wide range of careers. If you would be interested on coming to Hans Price to talk with our students, to support our wider careers provision at Hans Price Academy please contact Jackie Fielding (jackie.fielding@clf.uk).

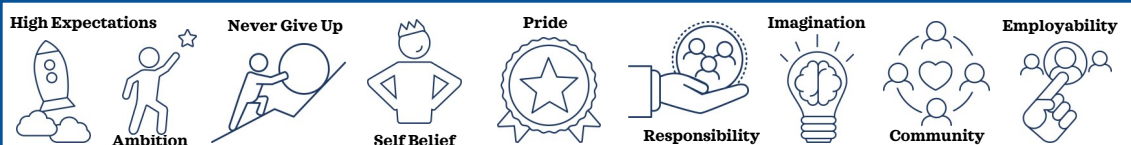

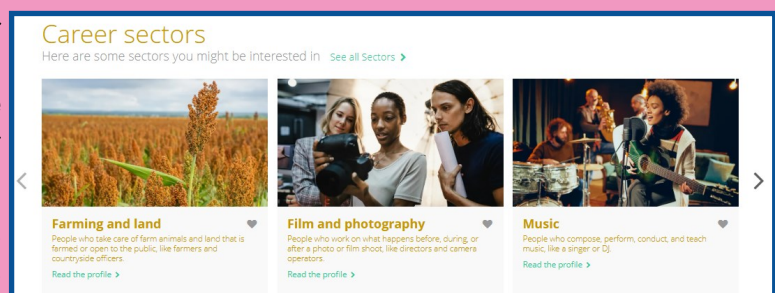

Find out more about Careers at HPA on our website: <https://hanspriceacademy.clf.uk/curriculum/careers-guidance/>

Our Careers guidance and provision at Hans Price offers a wide range of experiences and opportunities to inform and develop aspirations for the future. We have a qualified Careers Advisor who coordinates events, shares information and is available to support students with advice and progression to further education and careers.

In addition to a careers featuring in our SPACE curriculum and inclusion through all subjects taught at Hans Price, students use the online platform, UniFrog, to support their planning for Post-16 and beyond.

Parents and carers are also able to access their own Unifrog account. This gives access to careers and local labour market

information, webinars delivered by employers and universities and comparisons of available pathways so you can support your child in making an informed decision about their next steps. The sign up code you need is: **HPAMParents** and you can sign up here: www.unifrog.org/code. You can also sign up to Unifrog's parent/carer newsletter when you first sign in to get expert advice and guidance on supporting your child with their next steps. For more information, go to www.unifrog.org or contact our Careers Advisor, Jackie Fielding, at jackie.fielding@clf.uk.

Independent Study

New Independent Study booklets have been launched with KS3 students for the second half of the school year.

The IS systems have stayed the same. Students have three pieces of IS each week. The schedule and tasks are outlined in the booklets with additional details shared in lesson and on MCAS.

The independent study for KS3 is designed to develop independent learning habits and time management whilst revising and expanding subject knowledge.

Students can access support and space to complete IS in school, every day.

- Lunchtime - G7 - 12:45-13:10 (DTU and Prefects)
- After School - LS3 - 15:00-15:50 (Teaching Assistants)

IS resources can be collected from the library. Electronic copies of the booklets are available online, on the HPA website, alongside a video explaining IS for parents/carers.

Year 11 Rugby

HPA hosted Priory for a very cold end of term Year 11 rugby fixture. 25 HPA students took part including some students making their rugby debuts for the school. HPA came out on top thanks largely to a hattrick from Devon B-T despite nursing an injured hand. Dan C and Adam D returned from injury to give great experience to the backline. Max H took the man of the match award for an all action display.

Christian M delivers another rousing pre game speech to motivate the boys.

Creative Writing Competition

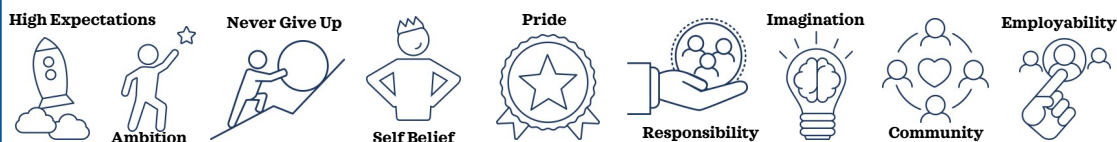

This story competition is entitled Grim Tales. Will you twist a traditional fairy tale, set a myth in modern times or create a brand-new legend? From cautionary tales to surprising plot twists, the possibilities are endless!

Students have the opportunity to have their work published and there are cash prizes for the winners! Write a story or mini saga up to 100 words. Please see Ms Moser for further info and an entry form.

Closing date: 3rd April 2025

Congratulations to Aimee B who entered the Young Writers poetry competition in November. She now has her work published and has made it through to the finals, beating thousands of entries for the chance to win an iPad!

Parenting village coffee morning

This is a relaxed and friendly drop-in session where parents and parenting specialists will be on hand to share resources, offer support, a listening ear or just spend time talking about what it's like to be a parent.

"It takes a village to raise a child" comes from an old African proverb. It shares the message that it takes many people to provide a safe and healthy environment in which children can flourish.
