Dear Parents/Carers

Returning to school in January

As you may be aware, the Government have again asked schools to test students on their return to school in January. However, unlike previous occasions, we are only required to carry out one test so **ALL students, with or without testing consent should arrive at their allocated time slot as below**. If they have consent to be tested, they will be taken to the Sports Hall for the test. Students without consent will sit in the Main Hall and wait for their peers to join them. Once students receive a negative result, they will go to their lesson. We will contact parents/carers of any students who receive a positive result.

All students should arrive in full uniform, equipped and ready to learn for their first lesson according to the timetable below:
