

# Working at Home (Remote Learning) Due to School Closure

## Instructions for Students

- Follow the timetable set out below, each session lasts for 1 hour. This is to help you keep track of the different subjects you need to study.
- You will be set work to complete by your teachers through the SIMS app.
- Log in to RM Unify via the link on the school website [www.hansprice.org.uk](http://www.hansprice.org.uk)

- Open the SIMS student app

- All activities will be titled “Remote Learning” followed by the name of the activity. Each subject will have instructions and resources to help you complete the activity.
- In the first instance the work set will be revision and extension of previously covered content rather than new topics.
- You **must** complete your work in your exercise book unless instructed otherwise.
- Teachers will be checking the work that you produce - more details on this to follow.
- If you are unable to access the SIMS app, see the guidance on the ‘Student App.pdf’ document.
- RM unify can also be used to access links to many of the online learning portals you will need.

During the school closure, teachers will be available as much as possible to support learning and respond to queries via email. Simply log in to your email account via RM Unify and start typing your teacher’s name into the ‘to’ section of a new email message. If you have forgotten your log in details for any online platforms, or are not sure what to do, you must contact your teacher by email.

## Your Daily Timetable

Please follow this timetable each day.

**Year 9-11:** Please check your timetable to know which option block your subjects are.

	Session 1	Session 2	Session 3	Session 4	Session 5
Year 7	Maths	Science	Geography / History / MFL / Computing	Art / Drama / Music / DT	English
Year 8	Science	Geography / History / MFL / Computing	Art / Drama / Music / DT	English	Maths
Year 9	Options A/B/C	Options D/E/F	English	Maths	Science
Year 10	Option C/D	English	Maths	Science	Option A/B
Year 11	English	Maths	Science	Option A/B	Option C/D

### Extra guidance for working from home during the closure

- Try to find a quiet, focused place to study. Keep away from distractions, including your mobile phone.
- Take regular breaks and try to get some fresh air to help you stay focused.
- Stay fit and healthy by doing some exercise every day! PE with Joe Wicks is a 9AM workout everyday through YouTube which is a great way to stay active at home (You can find it on “The Body Coach TV” channel on YouTube).
- Try to read for at least 30 minutes a day.
- Students in Year 7 and 8 can now access Tassomai quizzes for Science, English and Maths - see the extra guidance through the SIMS app. We recommend spending 30 minutes a day on a mixture of questions.
