Track and Trace

- Track and trace process.
- Following the most recent Government Update, Hans Price Sports Centre must now display an official NHS QR code poster from 24 September 2020, so that customers and visitors can 'check in' using this option as an alternative to providing their contact details. NHS QR posters around our venue offers a quick, simple and secure way for visitors to register that they've been to our venue.

STEPS:

- Download NHS Covid-19 App – Available free on Apple store or Google play
- The NHS COVID-19 app has a feature that allows users of our centre to quickly and easily 'check in' to our venue by scanning the code.
- The information stays on the user's phone.
- In England, we do not have to ask people who choose to 'check in' using the official NHS QR code to provide their contact details.
- If there is an outbreak associated with a venue, a message will be sent to the relevant app users with the necessary public health advice.
- This will help to avoid the reintroduction of lockdown measures and support the country to return to, and maintain, a more normal way of life.
- We will ensure that there are options for people to leave their contact details if they do not own a smartphone - Track and trace individual form at Main Reception kept in-line with GDPR legislation.
- QR code check-ins are stored on a phone for 21 days – this allows for 14 days for the virus to appear and seven days when people are most likely to be infectious.

WHO NEEDS TO CHECK IN?

- Anyone over the age of 16 should register their visit. Parents/guardians can do this on behalf of their children if under 16.
- Individuals are encouraged to register (instead of a group representatives) – 1 coach cannot register all members.
- Players, coaches and parent/carers of u16s are encouraged to scan the code.
- **Coaches/instructors must also keep a register of all those that attended a session for at least 21 days.**
- The individual has the right to choose to provide their contact details if they prefer, in place of scanning the QR code.
- Should someone choose to check in with the official NHS QR poster, coaches/instructors should check their phone screen to ensure they have successfully checked in.
